

## ACCIDENTS INVOLVING

# ELECTRICAL EQUIPMENT

**DO NOT** exit the vehicle. If it can be moved safely, drive the vehicle away from electrical equipment. If not, stay in your vehicle.

**WARN** bystanders to stay at least 30 feet away.

**CALL 911** and wait for utility workers to arrive.

Assume all downed lines are **energized and dangerous**, even if they don't hum or spark.

**Exit the vehicle ONLY if forced by smoke or fire.**

- 1. Plan** your exit route to avoid sagging or downed lines.
- 2. Jump** clear of your vehicle. **DO NOT** touch the vehicle and the ground at the same time.

- 3. Land** with your feet together and shuffle away with small steps. Keep your feet close together and on the ground at all times.
- 4. Shuffle** at least 30 feet away and do not return to the vehicle.
